

Catherine Davis
Educational Therapist

I was born in El Paso, Texas. Our family moved quite a bit due to my father's job as an engineer, and so I was fortunate to experience Texas, Central America, Arizona, and then Texas once again. I received my undergraduate degree in Elementary Education from Texas A&M University and taught Pre-Kindergarten and Kindergarten for 14 years. Because of my passion for helping struggling learners, I have completed extensive training through the National Institute for Learning Development (NILD). I am presently pursuing my graduate degree in Reading due to the fact that so many learning disabilities are tied to reading difficulties.

My interests include: reading, working with the youth group in my church, biking, baking, crafting, and spending time with my family, friends, and pets.

My husband, Carl, and I have been married for 25 years. Our son Brian, is a Marine, and is married to Hollie, who is a wedding planner. Our daughter Marie, is a senior at SHSU and is studying piano performance. Our two dogs, Chip and Chili, and our two cats, Ethel and Lucy, are all well above average.

In working with students with learning disabilities, I believe in the value of strengthening the brain in areas of weakness rather than teaching compensatory techniques. Equipping students to become independent learners brings me great satisfaction and joy. My partner and fine friend, Velda Desadier, and I, look forward to serving you and your family in this mission.
