

## GUNKHOLERS' DELIGHT – MAY 9 – 18, 2008

Explore the less-traveled regions of the Pamlico Sound and its tributaries at a sailor's pace. (Powerboats are welcome!) Anchor in remote, protected "gunkholes", socialize in the evenings with other sailors, explore deep into creeks and marshes in your dinghy for exceptional views of wildlife and nature.

The itinerary will be flexible and responsive to wind and weather. Potential destinations include Pungo Creek, Slade Creek, Rose/Deep Bay and South Creek and exploration deep into the Bay River. A stop or two will be included for re-supply as needed.

+++ Join us for all or just part of the cruise – whatever suits you and your crew. +++
