Raffle/Silent Auction

There will be a silent auction this year, so bring those address labels to place on the raffle ticket if you don't want to write your name a hundred times. Each guild is asked to bring 4-5 baskets to donate for the auction. If you don't belong to a guild you are still welcome to donate an item. We encourage everyone to participate.

Someone Else's Treasures

You've heard the quote, "One man's trash is another man's treasure". This year we will again have a table set up for you to bring those baskets items you have had for years and still haven't used on your baskets. If you find something on the table you could use, it is yours. Just deposit a monetary donation for it in the box on the table. Whatever you think it is worth to you. It is a win-win situation: Someone was able to give away something they didn't want, and someone else was able to find that item they just had to have. The money collected will be used to help sponsor a scholarship for next year's convention.

TEACHER'S BIO'S

CATHY CUPP

When Cathy made her first basket almost 30 years ago, little did she know she would start, own, and operate "Cupp Basket & Supply" (now K & K Creations). She has spent her years making baskets, writing patterns, selling supplies, and teaching classes. Over the years, she has introduced over 10,000 people to basket weaving through weekly workshops at Massanutten Resort. She specializes in teaching beginner and intermediate classes for guilds and seminars. Cathy says good technique taught to beginners makes happier basket makers as well as more "long term" weavers. After 25 + years and 4500 baskets, she is still experimenting with materials, technique, and design.

Patty Feather

Patty began weaving in the year of 2000, attending numerous conferences and exploring unusual materials and techniques in her designs. Patty has been teaching professionally for nine years, starting in a mixed media artist's guild in Paducah KY, and expanding her exposure by forming active guilds in Paducah and Mayfield KY, and Evansville IN. Patty has a BA in education, and resides in Florida with her husband. Patty's basket making supply business, Feather Baskets, is based out of her home, where she develops new basket designs. She spends most of her time teaching at conferences, retreats [KY, TN, IN, NC, WV, GA, OH, VA, IL, FL, PA, MO, MI, schools, guilds, and any group interested in learning about basket weaving.

Karen Griffith

Karen was first exposed to weaving at the Sauder Village in Archbold, Ohio in 1990. She has been weaving, teaching and designing since then. You might meet her at many of the state weaves or special guild events. She works out of her studio in Pleasant Lake, Indiana where she teaches weekly classes and is the owner of Farmer's Wives Baskets. After teaching in the public schools of Indiana for 33 years, Karen is now able to spend time reading, knitting, spending time with her precious grandchildren and of course, weaving.

Barb McNally

It all started with a tube of seed beads from the local Ben Franklin when I was twelve. I fell in love with beading, but pushed it to the back burner when I went to college. I didn't return to it for almost thirty years. When I rediscovered beading, it became an obsession. I love working with 11/0 Japanese delica beads, incorporating baskets into my designs. Making bracelets are my favorite, but pins, amulet pouches and pendants are a close second.

KB Enterprises

Keith and Bobbie Galyon

Bobbie started weaving in 2007 when our neighbor invited her to join in a day of weaving. Since then basket weaving has become a large part of her life. Bobbie enjoys the fellowship with other weavers and the different styles of baskets she has learned to use in her weaving. Along with her weaving, Bobbie is partners with her husband Keith in the business of supplying basket weavers with the supplies needed to weave baskets.

Keith helps in the business by doing most of the heavy and serious woodworking. Bobbie has become more confident around the machines and tools used to manufacture wood bases for basket weavers. Bobbie and Keith can make just about any shape or size wooden base you might need for your basket.

Sugar Maple, also known as Hard Maple, is used as material for stock bases and also used in special orders unless the buyer requests a specific wood such as Red Oak, White Oak, Cherry, Black Walnut, Poplar or whatever can be obtained.

For special orders and depending on the quantity, we need about 1-2 weeks lead time to produce the request. Any special orders you might have a need of to be delivered at the November State Weave-in, we request you contact us as soon as possible to afford us the time to prepare your order. Call us for a quote on orders you might be thinking about. If you have a pattern or specific needs it helps to make sure we produce the design you want.

**Reed, D handles, Flat top handles, muffin handles,
some tools and basket accessories will be available for
